## PENCILITIES.

Last day of February.

Third Sunday in Lent.

The sensation in colored circles is somewhat subsiding again.

Dr. A. M. Ritchey, of Nashville, has discovered a new theory for aerial navigation.

With to-day fades away the last winter month, and the first month of spring will be ushered in to-morrow.

The democratic executive committee of the state of Tennessee is to meet in Nashville next Saturday for consultation.

The pastor of the First Baptist Church requests that every member of the church be present at services this morning.

The membership of the Ancient Order of United Workmen in Tennessee is said to be about 2,500, and in all the states about 80,000.

John L. Rhea is receiving his spring goods—all kinds Dress Goods, Edgings, Laces, Shawls, Cassimeres, Ribbons, Collars and Gloves.

The colored physicians of this state met in Nashville Friday and organized a state medical association, with Dr. J. M. Jamison, as president.

Farmers, Attention! We will have 25 car loads of Land Plaster on hand and for sale. Call early before the supply is exhausted. W. W. Woodruff & Co.

They say there is no advance on Oliver Chilled Plows. The farmers ought to lay in their supply before the advance, which is sure to come. Woodruff & Co. keep a large stock.

The indications late last night pointed to a stormy and disagreeable day for Sunday. This will be a departure, for it has been beautiful weather for several Sundays past.

On Tuesday night last, near Humboldt, Tennessee, two negroes, Frank and Ed. White, waylaid and murdered another negro, Gabriel Gillespie. The murderers were arrested and are in jail.

Only five men are at work on the Memphis custom house. The contractor failed, and his bondsmen are attempting to complete it, but they have become involved in trouble with their employes.

Memphis Appeal: Not long since, a divorce was granted in one of our courts, and the next day the legal widow married. The funeral baked meats were quickly spread upon the marriage tables.

Elsewhere will be found the announcement of Sheriff Alex. Reeder as a candidate for re-election to the office of sheriff of Knox county, subject to the voice of the republican county convention, which will be held on Monday, March 29th.

Washington Republican: Edwin R. Hayes, the clerk in the Dead Letter office, arrested for abstracting money from letters passing through his hands, was arraigned in the police court yesterday, but waiving an examination was sent to jail in default of \$3,000 bonds.

When a man tells you he doesn't believe the Bible, quote something from Aristotle or Shakespeare, and ask him in which portion of the Scriptures the same passage occurs, and ten to one he will assure you that he has often read it in the sacred book, but he can not recall the chapter and verse.—Ex.

Nashville American, Friday: Col. George F. Akers received, yesterday, from Knoxville, two fine specimens of jack fish, preserved in alcohol. He will express them to Hon. Spencer F. Baird, U. S. commissioner of fish and fisheries, at whose request they were procured. They are handsome specimens of our Tennessee jack, beautifully marked, and will weigh a pound and a half to two pounds each.

## THE SWERES CASE.

Andrew Osmont Bound to Court on the Charge of Criminal Libel.

The trial of Andrew Osmont, colored, on the charge of criminal libel, for the publication of an article in the CHRONICLE in reference to the undue intimacy of Elder J. L. H. Sweres, pastor of the A. M. E. Zion church, with his (Osmont's) wife, was concluded before Justice Allison at the court house yesterday forenoon. The case has been the sensation of the city, especially in colored circles, for some days, and another immense crowd was attracted to the court house.

Aunt Charlotte Baxter, mother of Mrs. Osmont, Elder Sweres himself, and one or two other witnesses were introduced by the prosecution in rebuttal of the evidence of the defendant's witnesses. The case was brought to a close between 12 and 1 o'clock, after argument by Messrs. Ray and J. C. J. Williams, for the defense, and Mr. Wm. M. Baxter, for the prosecution.

The case, as it was brought, was a novel one, and dissimilar to the ordinary line of criminal prosecutions in our courts, and, on the question of a legal authority produced by Mr. Baxter, counsel for the prosecution, the justice deemed it his duty to bind the defendant, Osmont, over to criminal court. He gave bond in the sum of \$250 for his appearance. The other branch of the case, in which Elder Sweres and Mrs. Osmont are defendants, and Andrew Sweres, is set for hearing before Justice Allison to-morrow morning.

Fine Specimen of Marble.

Mr. C. M. Summers showed us yesterday a specimen of variegated marble quarried from his farm south of the river from Knoxville and one mile from the Maryville railroad.

The specimen is a fair sample of this variety, although having the appearance of being taken from near the surface.

It is to be hoped that this find will prove remunerative, as there are several small mountains of the same material in the neighborhood. In fact the whole of the 13th district rests upon a thick stratum of Tennessee marble.

## Personal.

Dr. John Willoughby Rogers, a promising young physician of Sevier county, who has just graduated with honors in a class of 135 medical students at the Vanderbilt and University of Nashville, medical department commencement, made us a pleasant call yesterday. He was on his return home from Nashville. We wish him much success in the practice of his chosen profession.

Mrs. M. B. Atkinson arrived in the city from Jonesboro Friday, and is at the home of her son-in-law, Jas. A. Compton. She reports her son, J. J. Atkinson, as improving fast. Mrs. Atkinson is a veteran traveler. We understand she is getting up an account of her travels for the past ten years, and it will likely make an interesting showing.

Fees of Doctors.

The fees of doctors is an item that very many persons are interested in, just at present. We believe the schedule for visits is \$3.00, which would tax a man confined to his bed for a year, and in need of a daily visit, over \$1,000 a year for medical attendance alone! And one single bottle of Hop Bitters taken in time would save the \$1,000 and all the year's sickness.—Ed.

For sore throat, gargle with Pin's Cure, mixed with a little water. Relief is instant. jan14:45

Base Ball.

The "Babies" and "University Scrubbs" played an interesting game of base ball on the university grounds, yesterday evening, in which the "Babies" were victorious by a score of 13 to 6. A notable feature of the game was the excellent playing of John Barton, shortstop for the "Babies," taking in a difficult fly on the run.

"Studying the subject objectively and from the educational point of view—seeking to provide that which, taken altogether, will be of the most service to the largest number—I long ago concluded that if I could have but one work for a public library, I would select a complete set of Harper's Monthly."
